

Geese In Flight Placemats

Jackie Kunkel, Certified Instructor

*Pre-cutting the fabrics is a **mandatory** requirement prior to taking this course. Please begin preparing for class at least 3-WEEKS prior to the class to make sure that you are able to get familiar with your pattern and complete the pre-cutting beforehand. It is important that you have your pre-class cutting completed. If this step is not completed, you will have a very difficult time keeping up and participating in the instruction. I recommend reading through your entire pattern before beginning.*

CORRECTIONS: PLEASE visit www.quiltworx.com website prior to class and make sure that you have the latest corrections for the pattern. Corrections are under Products then Corrections. If your pattern has a QR Code printed on the back, you may also scan this with your smartphone to go directly to the page and upload the corrections to your phone.

Fabric Selection: Please refer to the yardage charts on the your pattern (Geese In Flight **NOT** the Charm Elements Pack).

Preparing the Foundation Papers and Template Layout Sheets: Follow the cutting instructions in Charm Elements #2 Pack to cut the foundation paper, template layout sheets, and background sections for the geese.

Fabric Cutting Instructions: Please read through ‘**General Cutting Instructions**’ on your pattern before beginning the steps below. I recommend checking Judy’s website for pattern corrections before you begin cutting your fabric. **Note:** Please make sure all of the Template Sheets, Foundation papers, and fabric pieces are placed in the correct bags!

Sub-Cutting fabric Instructions: Follow the cutting instructions under **Cutting Instructions:** for your fabric. Cut all the fabrics then clip pieces using large paper clips or binder clips and place in specified bags.

The following items are needed to make this quilt. Please make sure you bring the following items to class as they will not be provided by the organizer. They are essential to the techniques I teach:
