## PRESIDENT'S MESSAGE

The Ott Light raffle brought in about \$100 for the Judith Berns scholarship fund. Now we need to set up how the funds are used. Janet Jozwiak is the winner of the light. At the December gathering please remember to bring a "favorite tool". It can be for quilting, a hobby, used in the kitchen or anywhere else that makes your life easier. As we are reaching the end of 2018 and celebrating the things we are grateful for I want to thank members for all the things we have given to the community individually and through our projects.

### Programs

**December 15:** Don't forget your place setting, plate, and utensils and dish to share for our annual holiday brunch. Seventy members have signed up so far with a nice balance between main, salad, and dessert dishes to share. If you haven't signed up, contact Linda Armour, [lkarmour1968@gmail.com](mailto:lkarmour1968@gmail.com) or 518 265 0437 and let her know what you would like to bring. Bring a favorite tool to show everyone, one that makes your life easier. Something that you use for any hobby or activity.

Also in December is the "reveal" for all the in-house workshops being offered in February. You may start signing up for your choice of projects like machine trapunto, charm square cathedral window by machine, making a vest from jeans, jelly roll stripping, and upcycling t-shirts (quilts, bags, yarn, etc). If you would like to teach a workshop, contact Linda Armour, [lkarmour1968@gmail.com](mailto:lkarmour1968@gmail.com) or 518 265 0437.

**January 19:** Our annual Community Quilt Sew. More details in December. Final sign-up for February in-house workshops.

**February 16:** Presentation by Ellie VonWellsheim on the Mooncatcher Project (<http://www.mooncatcher.org/about-us/>) followed by our annual in-house workshops.

### For Sale

#### Deco 500 Embroidery Machine

The 500 is one of the first embroidery-only machines. They are little work-horses so being now nearly 15-20 years old shouldn't matter. The Deco 500 was made for Bernina (Bernette) by Brother. The machine will only take "memory cards" in the PES format. Good news is they have gone way down in price for used. They run around \$199. Your manual will get you started with it as they are very easy to use. There are many books on hooping properly and types of stabilizers. Again--I'd rely on your local dealer to point you in the right direction for initial supplies. Price is \$199 or best offer. Best offer should acknowledge that there are many memory cards and hoops, with the sale.

Anyone could call/text me at 845-750-0085. Or email. [Spropeackny@yahoo.com](mailto:Spropeackny@yahoo.com). I could meet and deliver the machine to the buyer at a mutually agreeable location/time.
